## QUANDOOS CELEBRATES 10 MILLION UK DINERS

19/01/2017 - 09:32

Online reservation platform Quandoo is celebrating its 10 millionth diner in the UK since its launch in 2014.

The diner was seated at Coda Restaurant in Holloway at 7.30pm on

Monday.

Matt Simpkin, VP Western Europe at Quandoo, said: "Reaching our ten millionth diner in under three years since launching in the UK is testament to the team of restaurants and staff we have built.

"It also highlights the ever-growing appetite for online bookings, however, we believe we have only scratched the surface. Despite millions of Brits dining out every week, only a small proportion of the market are currently booking restaurants online, despite it being the quickest and easiest option."

To celebrate Quandoo has announced its most popular restaurants of the year. Andina Peruvian Kitchen in London came out on top beating Cerviche and The Crystal Palace Market, both also in the capital. Manchester's Victor's and Neighbourhood came in at fourth and fifth, respectively.
